JOURNEY

This male patient was complaining about his lips to be small and not plumped.

TREATMENT

The patient underwent a Lip Filler with Restylane Kisse to enhance the upper and lower lip and balance them

RECOVERY & FOLLOW-UP

the swelling lasted for 24 h with no bruises . after 1 week the patient was assessed for symmetry and no complaint were raised

RESULTS

There was an immediate result after the treatment which looked so natural as requested by the patient.

“Absolutely amazing! I’m so happy with what Dr. Vigo has done with my lips! Thank you”
