

BREAST AUGMENTATION DUBAI

Plastic surgery is growing in popularity each year. According to the annual plastic surgery procedural statistics, Breast Augmentation is the most popular surgical cosmetic procedure. Breast Augmentation involves using breast implants or fat transfer to increase breast size or to restore breast volume lost after weight reduction or pregnancy, achieve a more rounded breast shape or improve natural breast size asymmetry.

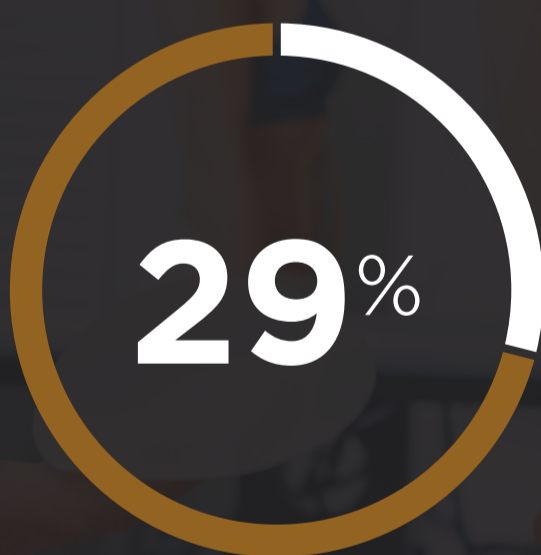

WHY DO WOMEN HAVE BREAST AUGMENTATION SURGERY?

WOMEN WITH BREAST IMPLANTS....

HAVE THE PROCEDURE AFTER THEY HAVE HAD CHILDREN

HAVE THE PROCEDURE FOR RECONSTRUCTIVE PURPOSES

WAS IT WORTH IT?

WOULD RECOMMEND BREAST AUGMENTATION TO THEIR FRIENDS

ARE HAPPY ABOUT THEIR DECISION TO HAVE BREAST AUGMENTATION

REPORTED IMPROVEMENT IN SELF-ESTEEM
